## WEST END PROJECT WORK TO PRINCES CIRCUS TO START MAY 2022

Dear Resident / Business,

As part of the West End Project, the works to create a new public space at Princes Circus will now start on Monday 23<sup>rd</sup> May 2022. An image of what the new space will look like is included on the next page. You can find more information on our website including detail on the changes we will be making and a plan of what the site will look like.

Construction will be undertaken by our contractor *idverde* who will start by setting up the working area and surrounding it with barriers. We will be adding signs to the barriers with information on the changes and “business open as usual” signs for passing customers.

Access will be maintained to premises and representatives from *idverde* and Camden Council will shortly be visiting each local business to discuss the works and any concerns. The team will also be in touch with business on undertaking basement surveys ahead of any work starting.

### Key information

- Construction work starts Monday 23<sup>rd</sup> May 2022
- *idverde* working hours Mon - Fri: 8am – 5pm and as needed Saturday: 8am – 1pm
- 24 hour contact phone number: 0800 141 2543
- Work is expected to be completed in Spring 2023

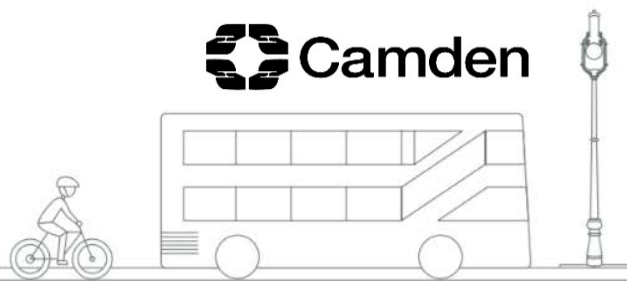

Included with this letter is a summary programme including key milestones like taking up the existing surfaces, adding the new planters, furniture and plants.

Programme dates are subject to change and any delays will be updated on our website where we also continue to share the weekly look ahead of works. You can also sign up to our electronic newsletter for regular updates: **[camden.gov.uk/westendproject](https://camden.gov.uk/westendproject)**

Noise should be expected throughout the construction period and at any point during the permitted working hours. The loudest work will be the demolition works and the cutting of new paving slabs. Where possible acoustic barriers will be added to reduce the sound.

We apologise for any inconvenience that these works will cause. If you have any concerns during the construction period or would like to find out more on the project use our contact details to the right.

## What will Princes Circus look like?

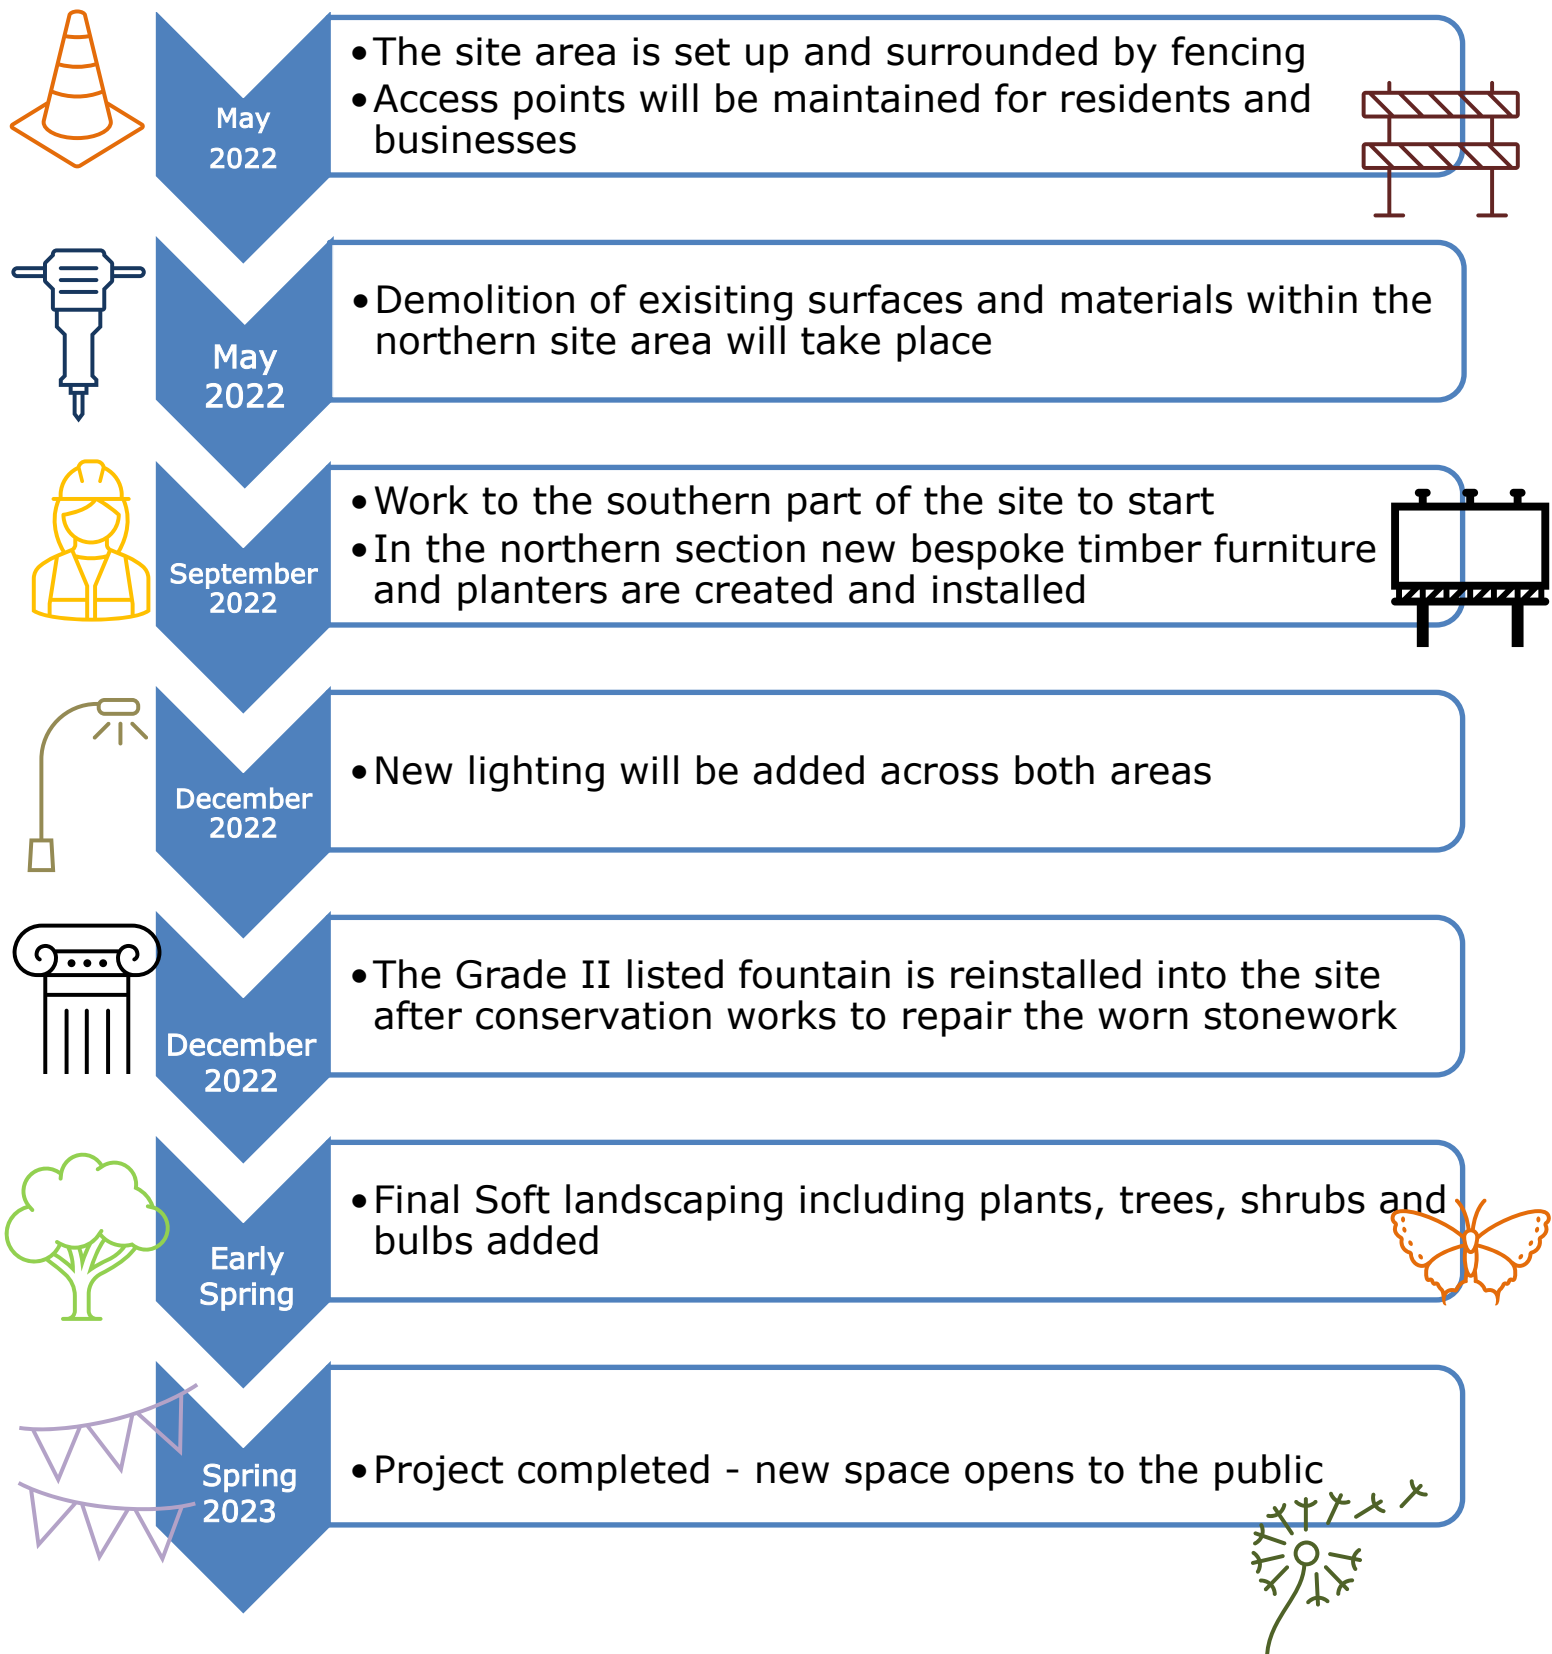

This image below shows a view of the design for Princes Circus. The image on the right shows the extent of the area that we will be working in.

You can explore the designs and read more about the plans for this space on our website.

## Princes Circus Programme

In the plans below you can see the areas we will be working in and how the site will be set up. Please get in touch if you have any questions.
